Automotion, Inc. Names Mike Coleman as
Midwest Sales Manager

**Automotion, Inc. Names Mike Coleman as
Midwest Sales Manager**

Oak Lawn, IL Mike Coleman has been named Midwest Sales Manager for Automotion, Inc. a well known designer and manufacturer of innovative package conveyor and sortation systems for the distribution/logistics markets.

Mike comes to Automotion with 22 years of conveyor engineering and sales experience, with an emphasis on integrating systems in distribution, manufacturing, and food processing.

Formerly with Interlake Material Handling for 16 years, Mike was responsible for distributor system integration in the Midwest. He is a seasoned professional and possesses the skills and experience required to support our distribution efforts in the Midwest.

In his new role, Mike will be drawing on his base of experience to develop new relationships and support our existing distributors. His ability to help clients find solutions, coupled with his years of experience interfacing with key material handling system integrators, will help Automotion continue the dynamic growth enjoyed over the last several years.

Mike has three children, and resides in Bloomingdale, Ill.

When he is not selling conveyor, Mike enjoys a grueling tennis or racquetball match, and likes to unwind with a peaceful round out on the links.

Automotion, Inc. headquartered in Oak Lawn, Illinois is a technology based designer and manufacturer of integrated package conveyor and sortation systems. We design and implement Material Handling Systems for Distribution Centers, Warehousing Facilities and Manufacturing Plants.
